REACH Certificate of Conformance for Dytran Product – May 3, 2021

All Dytran sensors, accelerometers and force instruments are in compliance with European Union Regulation (EC) 1907/2006 governing the Registration, Evaluation, Authorization and Restriction of Chemicals.

- i. Dytran products are categorized as articles according to REACH Regulations
- ii. It is not intended for our product to release substances during normal and reasonably foreseeable conditions of use
- iii. Regarding Substances of Very High Concern (SVHC), some Dytran product may contain more than 0.1% by weight per article of one substance on the SVHC candidate list, specifically Lead Zirconium Titanium Oxide, used in stable form, as ceramic, and incorporated into some of our articles
- iv. All of our articles are intended for professional utilization, research and development (R&D) and are sold in business-to-business basis.
- v. Dytran Instruments, Inc. is a manufacturer located in the United States of America (USA)

Dytran Instruments, Inc. continually monitors the status of the candidate list as part of our on-going compliance activities, including the possible need under Article 33 of REACH regulation to inform product recipients and consumers if an article contains more than 0.1% by weight of any substance that is added to the SVHC candidate list in the future.

A handwritten signature in blue ink, appearing to read 'Julian C. Noriega', is positioned above the printed name.
